

THEATER DEPARTMENT

Drama 1

250 Semester 0.5 Freshman, Sophomore, Junior, Senior

Students in this course will develop the core skills of acting, with an emphasis on movement, vocal skills, textual analysis and collaboration with other actors. Students will be required to participate in the Christmas show as one element of their course's performance workshop component, so students must be available for after-school rehearsals.

Drama 2

251 Semester 0.5 Sophomore, Junior, Senior

Students who have successfully completed Drama 1 can take this course, which will continue to build acting skills with a wider range of repertoire, while also introducing directing and theater tech skills. A spring play will be the centerpiece of the course's performance workshop component, and participation in this after-school component will be required.
